

## **GCFC - TRIALS AND GRADING POLICY.**

GOSNELLS CITY F.C.

Grading will follow within four weeks of the final junior registration day in February and will be for ages 11 through to 16s. GCFC has designed and documented a grading program which allows players to display their footballing abilities, ball skills, agility, fitness levels and footballing awareness through a series of drills, exercises and games. These sessions are run by independent senior club coaches and will be assessed by the Club Head Coach, the Junior Coordinator, selected senior players and the junior coaches for each age group. Junior players will be allocated to teams by the assessment panel based on the sessions within this grading program. It will be the clubs goal to find a team for all registered junior players that come through grading. But in the unfortunate case where a team cannot be found for a player a full refund will be provided.

Trials will only be held for junior teams if they will be competing at the Academy level which is in the Football West Premier league or Division 1 Metro league the following season. For all teams at this level, trials will be held in November of each year and they will follow the same format as the documented GCFC Grading Program.
