

### **Loyalty Reward Program: This is an Incentive Program to Promote and Retain Quality First Team Saturday Players:**

Any player that has played at Gosnells City FC for five consecutive seasons, with the fifth season ending up playing in the Saturday's first team for the majority of that season, will be rewarded by having their registration fees for that year refunded back to them, provided that they meet the following conditions:

1. The GCFC Loyalty Reward Program only covers players that register and play for the Saturday First Team, as this is an Incentive Program to **Promote and Retain Quality First Team Saturday Players**.
2. To be eligible for the GCFC Loyalty Reward Program, a player must have registered with and played for Gosnells City FC for five consecutive seasons, with the fifth season playing for the Saturday First Team. Should a player play for another club within the five year period, then they will be illegible for this Program, and their first year back at Gosnells City FC will be deemed their starting date for this Program, irrespective of how many years they have previously played at Gosnells City FC.
3. Should a player register and play with another club within the five-year period, then transfer back to Gosnells City FC during that season and play for the Saturday First team, then they will be deemed eligible for this Program if:
  - The player has only left Gosnells City FC once within the five year period.
  - The player has played more than half of that season with Gosnells City FC.
4. A player will be deemed eligible for this Loyalty Reward Program if they have played in any Gosnells City FC team for four consecutive seasons prior to playing for the Saturday's First Team in the fifth season, (i.e., Saturday Reserves, Saturday U18's, Amateurs, Socials, all Sunday Junior teams etc.).
5. Any player who has registered for Gosnells City FC and is injured in any season and is unable to play for that season, will have that season automatically deferred and that year will be excluded from the Loyalty Reward Program. The player's next injury free season will be deemed a continuation of that player's previous seasons with Gosnells City FC, and will count towards the five consecutive seasons for this program.

Once a player has qualified for the Loyalty Reward Program on the fifth year, they will continue to receive entitlement to the program the following years, as long as they continue to play for the Saturday's first team and are consecutive seasons.
